

1 I Claim:

2 1. A woman's purse comprising a front face panel of a record jacket attached to a  
3 substrate and a rear surface panel formed of a vinyl record preferably laminated for  
4 protection, attached to a substrate; said purse also having two side panels and a bottom  
5 panel, which together form a generally U-shaped section that is attached to each of the  
6 front and rear panels to thereby define the purse.

7 2. The purse of claim 1 wherein the U-shaped structure includes a series of bends  
8 and creases to define a purse which opens in a box like manner.

9 3. The purse of claim 1 further including at least one handle.

10 4. The purse of claim 1 wherein the at least one handle is size adjustable.

11 5. The purse of claim 1 wherein the graphic is laminated with a clear layer to the  
12 substrate.

13 6. The purse of claim 1 wherein the U-shaped section is made of mesh.

14 7. The purse of claim 1 wherein the U-shaped section is made of leather.

15 8. A woman's purse comprising a front face panel of a record jacket attached to a  
16 substrate and a rear surface panel comprising a vinyl record attached to a substrate; said  
17 purse also having two side panels and a bottom panel, which together form a generally U-  
18 shaped section made of mesh, having a series of folds which U-shaped section is attached  
19 to each of the front and rear panels to thereby define the purse, said purse opening in a box  
20 like manner.

21 9. A woman's purse comprising a front face panel of a shaped portion of a record  
22 jacket attached to a substrate and a rear surface panel comprising a vinyl record, attached  
23 to a substrate similarly configured and sized; said purse also having two side panels and a  
24 bottom panel, which together form a generally U-shaped structure includes a series of  
25 bends and creases to define a purse when open, which U-shaped section made of a member  
26 selected from the group consisting of leather and mesh, and having at least one handle.

27 10. The purse of claim 9 wherein the U-shaped section has a series of folds which  
28 cause said purse to open in a box like manner.

29 11. The purse of claim 9 wherein the purse is lined.

30 12. The purse of claim 11 wherein a key holder is attached to the interior surface of  
31 one panel of the purse.

32 13. The purse of claim 9 wherein two handles are present.

33 14. The purse of claim 11 further including a closure for said purse.
